An executioner shall be an adult, undergo a criminal background check and be sufficiently trained to administer the flow of lethal chemicals. The executioner must demonstrate to the satisfaction of the team warden, that s/he is competent, trained, and of sufficient character to carry out the required function under the team warden's direction.

The team warden shall be a person who has demonstrated through experience, training, and good moral character the ability to perform an execution by lethal injection. The team warden has the final and ultimate decision making authority in every aspect of the lethal

The institutional warden will provide a copy of the Warrant of Execution to the department's Secretary and General Counsel, deliver a copy to the named inmate and the team warden, and notify the Florida Department of Law Enforcement, any state correctional institutions, and any local agencies that may be affected by the issuance of the warrant and of the date and time selected for the execution.
- (2) **Selection of the Executioners:**
 - (a) The team warden will select two (2) executioners who are fully capable of performing the designated functions to carry out the execution. The team warden will provide each executioner with a copy of this procedure and will explain fully their respective duties and responsibilities and assure that each executioner is trained for the function assigned. The identities of the executioners will be kept strictly confidential as provided by statute.
 - (b) The team warden will designate one of the selected executioners as the primary executioner and the other as the secondary executioner. The primary executioner will be solely responsible for administering the flow of lethal chemicals into the inmate during the execution.
